Sounds good - my schedule is pretty flexible as is PWT's but I'd like to meet as soon as feasible. I'll keep you posted.

Hi Paula,

Sounds good! I'm pretty busy right now with a few projects, but I try to keep my electronic calendar up to date.

Andrew - Steve Singer is sending us some preliminary data tables and maps for the report PWT is preparing on their sampling. He is including on the maps, the data from the 2 studies that the City prepared in anticipation of their planned storm sewer/drainage improvement project near 40th St. With this other information, it is possible that we may want to consider some additional options.

Once we have had a chance to look at it, I'd like to schedule a meeting with Steve Singer to discuss it.

How does your schedule look in the next couple of weeks? This isn't the full report - just an early look so that we can direct PWT on the findings for the report.

Thanks

Paula Schmittiel
